

WESTFALEN  
NORTH AMERICA

## Westfalen Warmblood Stallion Performance Requirements

Stallions may fulfill their performance requirements in one of two ways. The first option is the stallion must earn a passing score at a recognized stallion performance test. North American Stallion testing requires passing scores at two separate 3-day performance tests between the ages of 4-6. Ponies must complete only one 3-day test. For more information on the North American Stallion Sport Test please visit: <https://www.stallionsporttest.com>

Alternatively, stallions may complete their performance requirements in the show ring with the following accomplishments:

JUMPING – ZZ level / 1.40 m / 4'6" / Level 7

5 placings of 1st through 3rd at an USEF sanctioned "A" rated show in the Level 7 division

DRESSAGE – ZZZ level / Prix St. Georges

5 placings of 1st through 3rd with scores of 60% or higher at Prix St. Georges at a USDF sanctioned show

EVENTING – Intermediate

5 placings of 1st through 3rd at the Intermediate level at an USEA sanctioned show

HUNTERS – Working / Conformation / 4'

Top 10% of division for year-end national points in either Working or Regular Conformation divisions

Thoroughbred Stallions: Race Earnings of \$100,000 or more and/or Stakes Wins.

# German Riding Pony Stallion Performance Requirements

German Riding Pony Stallions may fulfill their performance requirements in a similar manner as the warmbloods, with the exception that a passing score at only one stallion performance test (3-days) is required. Welsh Ponies have another option, which is the one-day driving test. The alternative for pony stallions to complete their performance results is through results in the show ring as follows:
